Political App is an independent productivity and management application developed to assist political leaders, personal assistants, coordinators, and campaign teams in organizing their daily activities. This app is **not affiliated with, endorsed by, authorized by, or associated with any government, political party, election commission, public authority, or official government agency**.

The app does not represent any government entity or provide official government services. Any information, records, or data managed within the app are created and maintained solely by its users for personal or organizational purposes. Users are responsible for ensuring the accuracy and lawful use of the information stored in the application.
